DIV OF OIL, GAS, & MINING

From: Mike Nelson *Mike Nelson*
Assistant Field Manager, Nonrenewable Resources

Subject: Wellman Bond Transfer

On April 6, 2012, the Bureau of Land Management, Salt Lake Field Office (SLFO) received a minerals exploration notice from Wellman Minerals Corporation (Wellman Minerals) for proposed sampling activities located in sec. 14, T. 8 S., R. 18 W., in the Gold Hill area of western Tooele County, Utah. The submission was subsequently serialized by the SLFO as U-89039. Wellman Minerals has requested to release the bond from their expired notice (U-69198) at the same location and transfer it to their newly submitted notice, U-89039. Wellman Minerals will be submitting additional funds to bond for their proposed disturbance under the new notice. The SLFO requests that you release the \$3,750 bond from U-69198 and transfer it to U-89039.

If you have any questions, or require additional information, please contact Stephen Allen of my staff at (801) 977-4360.
